Lopez Victorious in two Engagements—80 Officers and 300 Men Killed—Rising of the People—Hundreds joining Lopez—Col. Crittenden Shot—Destructive Storm in Boston—Our Government demanding explanation of the Spanish Authorities—Indignation Meeting in Philadelphia, &c.—Tremendous Riot in New Orleans—Destruction of the Spanish Office "La Patria"—Attack on the Spanish Consul—Arrival of the Bodies of the Havana Victims.

PHILADELPHIA, Aug. 25, P. M.

We have accounts from New Orleans of the arrival of the Empire City, with dates from Havana to the 18th. The steamer Dixon has also arrived at Pensacola, but they bring no particular news; they confirm previous accounts, and give some little additional information.

General Lopez had made a stand at Morón, where he had two engagements with the troops, in both of which he had been victorious. The Spanish loss in killed and wounded, eighty officers and three hundred men. The dead and wounded were taken to Havana, where the former were buried with great pomp on the 15th. Lopez's force numbered about fourteen hundred, and he was daily receiving accessions. On the night of the 14th, over one hundred left Havana to join the invaders, and the people were rising in many quarters. Col. Crittenden is reported by this arrival as among the prisoners shot.

BOSTON, Aug. 23, P. M.

Last evening the village of Watertown, West Cambridge, Summerville, Medford and Malden, were visited by a dreadful tornado, that swept the space of five rods in width with fearful violence. Houses, factories, hotels, and barns were unroofed or thrown down, trees uprooted and immense damage done, some say to the amount of \$10,000. Many individuals were injured, and two men were blown across the Mystic river at Medford.

WASHINGTON, Aug. 25, P. M.

The intelligence says that dispatches have been received from Mr. Owen, the American Consul at Havana, stating that the prisoners shot were tried before the execution. The Government will require an explanation from the officers of the Government at New Orleans, for their apparent neglect in allowing the departure of the Pampero.

WASHINGTON, Aug. 25, P. M.

Government has ordered the frigate Saragano, Com. Parker, to sail immediately for Havana, to demand an explanation of the shooting of the party of Americans, and for firing upon the Falcon. She will sail from Norfolk to-day or to-morrow.

Rigid instructions are being issued to all officers of government to suppress and break up any armed expedition against Cuba fitting out from any port in this country.

PHILADELPHIA, Aug. 25, P. M.

An immense mass meeting was held in Philadelphia, in Independence square, to express indignation at the proceedings of the Spanish authorities, at Havana, in the execution of the prisoners, and other offensive measures; not less than 12,000 to 15,000 persons were present. Colonel James Swift acted as President, assisted by a large number of Vice-Presidents and Secretaries.

BALTIMORE, Aug. 25,

Charleston papers of Saturday received to-day, have despatches from New Orleans, giving accounts of a fearful riot in that city. A party of Cuban liberators, mostly eastern men, exasperated at the tone of certain articles in the Spanish paper "La Patria," in relation to Cuba, attacked the office, broke in the door and windows, threw the press and cases into the street, and destroyed every thing belonging to the office. The police made no attempt to interfere with their movements.

The mob, after demolishing the office of the paper proceeded to the cigar store at the corner of St. Charles and Gravier streets, breaking in the doors and windows, and destroying all the stock and furniture, which were very valuable. At 7 o'clock the rioters proceeded to the office of the Spanish Consul and attacked it, and destroyed all the furniture and property which was destructible; they also broke down the signs of Spaniards, which were carried in triumph to a large meeting held in Lafayette Square.

A later dispatch from New Orleans of the 22d says, that 2,000 persons had that morning surrounded the city prison, in which the Spanish Consul had taken refuge, and threatened to demolish it unless the Consul was given up to them. There were about fifty policemen on the ground.

The cigar shops kept by Spaniards, were nearly all destroyed. Last night minute guns had been fired since sunrise, in honor of the murdered liberators. The bodies of Col. Crittenden and Captain Victor Kerr, which have been brought here from Havana, attracted crowds of people and the sight produced deep feeling.

The military had been ordered out to suppress the riot. Three or four Spanish coffee houses had been destroyed.

The excitement against the Spanish Consul was chiefly by his refusal to deliver a number of letters from prisoners shot at Havana, which had been written just before their execution. The letters were forwarded to the Consul by the Cuban authorities; a committee waited upon him and requested a delivery of the letters, which he refused, but was subsequently forced to surrender them.

The Cuban news had created the greatest excitement.

Large and Important News From Cuba—Two More Battles Fought—Seventy Persons Shot—Two Thousand Troops for Cuba.

The St. Louis Evening Intelligencer of the 3d, contains the following dispatches from its private correspondent:

First Dispatch.

NEW ORLEANS, Sept. 1st, 1851.

Capt. John E. Hyder, of the Cincinnati, who left Havana on the 25th, and has just arrived, reports that two more battles had been fought, in which General Enna, and two hundred other Spaniards were killed. General Enna was buried at Havana with great pomp. Lopez's force had dispersed into the mountains. Seventy of his men who were left prisoners with the Spaniards, were shot as soon as taken. Very few Creoles were joining Lopez.

The accounts furnished by the Delta are much more favorable to Lopez.

The Alabama sails to-night for Cuba, with 1,000 liberators.

Second Dispatch.

PHILADELPHIA, Sept. 2d, 1851.

Three different accounts confirm the success of Lopez, and death of Gen. Enna. Brig Cincinnati arrived at New Orleans on the 1st, from Havana, 28th ult. The Spanish accounts say that Lopez was surrounded by 4,000 of the Queen's troops, having been joined by 4,000 Spanish soldiers, making a total of 8,000. One thing is certain, that Lopez has not been defeated! The most reliable information confirms the advance of Lopez on Havana.

Third Dispatch.

The schooner Merchant arrived on Saturday, four days later from Havana, and confirms the previous accounts that Lopez had been victorious. Gen. Enna, Commander of the Spanish forces, was killed, and buried with great pomp.

Reports from Havana state that the Spanish loss was five hundred killed in battle. The Merchant was not allowed to land, nor to take in cargo at Havana.

STILL LATER.

Lopez Captured and Executed.

NASHVILLE, Sept. 4th.

Lopez was captured and executed, at Havana, on the 30th. The revolution entirely suppressed. The Cherokee arrived at New Orleans yesterday, from Havana, and brought the news. We will get the particulars as soon as possible.

We have just been shown an ear of head of wheat, sent by the Governor of Utah Territory to our citizens, as a specimen of the growth in Salt Lake Valley. It is certainly a curiosity, being about two and a quarter inches in circumference, and four in length. The grains are much larger than those of the wheat grown in this country, and much better filled. It may be seen at the store of Messrs. J. W. & J. E. McIntosh—Occidental Messenger.

Messrs. Heiskell & Hughes, of St. Louis, will please accept our thanks for St. Louis Price Current.

Broken Open.

The Store of C. O. Mynter, was broken open last night, by some thief or thieves, and robbed of some three hundred dollars worth of goods; and we feel sorry to those concerned in the robbery, that unless the Goods are restored to the owner, and full and fair satisfaction made therefor; that a sore and grievous curse shall rest upon them, in the name of the Lord, and they shall be known, and the people shall point the finger of scorn at them, and they shall become a hiss and a by-word among all people. Amen.
